The Society of Architectural Historians was founded in 1940 to advance the knowledge and understanding of the history of architecture, design, landscape, and urbanism worldwide. The Society serves scholars, professionals in allied fields (including architecture, historic preservation, and planning), and the interested general public by:

- Providing publications that disseminate scholarly work, professional information, and general information related to the field and of interest to the public;
- Acknowledging outstanding scholarly accomplishments in the field;
- Fostering scholarship, research, and education about the history of the built environment;
- Organizing study tours of significant buildings and sites both in the United States and abroad;
